

**Muskegon Company Honored with  
Two Distinguished Firestone Roofing Industry Awards**

**Muskegon, Mich. – March 2011** – Firestone Building Products Company, LLC, acknowledges local Muskegon firm J. Stevens Construction, Inc. with the esteemed 2011 Firestone Master Contractor Award. The firm is among 262 renowned commercial roofing contractors to receive the award this year. In addition, the reputable firm has also earned the Firestone Inner Circle of Quality Award for its commitment to high-quality commercial roofing system installation.

"There are thousands of roofing contractors but only a select few offer building owners and consultants the assurance that they can complete their projects with great skill, exceptional customer service and superior products and solutions," said Ken Weaver, president of Firestone Building Products. "Firestone congratulates J. Stevens Construction, Inc. for its commitment to completing quality installations, especially during this challenging time in the commercial building industry. This firm consistently upholds high commercial building standards which helps set it above the rest and is a well-deserving recipient of the Master Contractor and Inner Circle of Quality Awards."

Since 1988, the Master Contractor program has commended exceptional roofing firms for attaining Firestone's high level of criteria, which is based on total square footage installed and outstanding inspection ratings. In addition, the Inner Circle of Quality Award identifies Master Contractors throughout the U.S., Canada and Mexico who demonstrate quality execution, unwavering professionalism and a commitment to Firestone's long-established standards for superior roofing installations.
